Providing support and assistance to housing organisations striving to recruit and retain skilled, motivated and empowered employees

Chief Executive
C£120k + 10% car allowance + benefits

With a resounding mandate to lead, you'll direct our Board in planning and controlling the quality services our tenants have so overwhelmingly voted for. This includes developing and delivering services on budget and in line with our business objectives and performance targets. More than this, this is a genuine chance to shape the strategic future of a bold and truly tenant-led social housing organisation. And as such, you must ensure tenants feel as involved in the decision-making process as they did the day they voted us into existence. What's more, you'll play a major role turning Liverpool's ambitious neighbourhood regeneration plans into reality.

An inspired leader with excellent motivational and influencing skills, you'll know exactly what it takes to build high level stakeholder relationships. A successful track record in senior management plus an in-depth understanding of the issues surrounding social housing are clearly essential.

Interview dates:
w/c 5th & 8th October 2007.

Director of Corporate Services
Up to £90k + 10% car allowance + benefits

A very diverse role leading this key directorate, you'll ensure a comprehensive financial service for the association that includes accounting, financial appraisal, audit, risk assessment, rent and service charges, right to buy, payroll, insurance, human resources, ICT, communications and legal support. This means your influence upon strategy and the planning and control of our activities will be vast and far reaching. What's more, in your capacity as company secretary, you'll make sure we meet all our legislative requirements in line with best practice.

A relevant accountancy qualification plus significant high level professional experience managing substantial budgets are essential.

Interview dates:
w/c 15th & 22nd October 2007.

Director of Regeneration & Technical Services
Up to £85k + 10% car allowance + benefits

Our tenants have resoundingly backed us to undertake a £200 million improvement of their homes and community. Now we must deliver. And this is where you come in.

Leading your directorate to deliver the main improvement programme to agreed service standards and taking ongoing responsibility for asset management, you'll be pivotal in delivering our business objectives and neighbourhood regeneration. In our commitment to make plans where people want to live, you'll continuously review and improve service delivery plans, ensuring the best use of our resources and technical services. Excellent negotiation skills are essential.

With a successful track record delivering large scale repair and regeneration programs, you'll know exactly what it takes to plan, award and implement major maintenance projects.

Interview dates:
w/c 29th October & 5th November 2007.

For an information pack please contact our recruitment advisors: ConsultCIH at recruit@consultcih.co.uk or telephone 01704 833444. Alternatively, you can download a pack from their website www.consultcih.co.uk

Closing date for applications for all posts: 10 am, Monday 17th September 2007.

"We have the backing - can you deliver the promises?"
